25 Barclay Street, NEW YORK)
Greenhouses and Nurseries, Western Springs, Ill.

Vaughan's MONSTER TOP ROOT Hyacinths.

The very largest and most perfect solid sound bulbs selected out of entire fields by experts on the grounds. They can be depended upon to give extra large and well developed spikes of bloom fit for prize exhibition and special ornament.

SINGLE RED AND ROSE.

Gertrude. Dark rose.
Lord Macaulay. Soft red.
Moreno. Pink.

Rosea Maxima. Rose
Robert Steiger. Crimson.
Alba Superbissima. Late.

SINGLE WHITE.

Chas. Dickens. Porcelain, shaded purple

Price of any of the above, 20 cents each, \$2.25 per dozen; \$16.00 per 100, by express at buyers expense.

VAUGHAN'S MOTHER BULBS NARCISSUS.

These are the pick of the crop, being bulbs of extra large size, and will throw nearly twice as many flowers as the ordinary grade, thus making up for the slight additional cost.

The varieties given below are free flowering, and splendid for Easter forcing, either for cutting or growing in pans.

EMPEROR

A magnificent sort. The entire flower is a rich yellow; trumpet of immense size, and petals of the perianth so broad that they overlap. Per doz., 60c; per 100, \$4.00.

EMPRESS

This makes a fitting companion to the above, and is, we think, the finest of the two-colored trumpet varieties. The trumpet is of a rich yellow, with perianth of snow-white petals; flower bold and erect. Per doz., 60c; per 100, \$4.00.

GOLDEN SPUR

Extra large, rich yellow flower, devoid of green midrib. A very strong grower. Per doz., 60c; per 100, \$4.00.

DOUBLE VON SION

We only get a limited quantity of these; the bulbs are extra large and will throw from three to five flowers each. Per doz., 50c; per 100, \$3.00.

TOP ROOT EXHIBITION HYACINTHS

TESTIMONIALS.

The Bulbs which I ordered from you have reached me in splendid condition, and they are fine, large specimens. The bulbs I had from you last year gave the best satisfaction of any I ever had, so I anticipate a great deal of pleasure from those which just came.

M. HARGRAVE, Wilton, Wis.

I am sending you a spike of Gladiolus from the bulbs you supplied me last fall for forcing which have done very well and been admired by many. I send this bloom to make sure that you will enter an order for double the quantity of this same variety.

GEO. WITTINGER, Supt.,
Eagle Park, Ossining, N. Y.

LILIUM HARRISII.

We are strictly headquarters for these, controlling some of the best bulbs in Bermuda. The packing and shipping will be supervised by our own representative.

FRENCH AND DUTCH BULBS.

We will have Monster sizes of these suitable for growing for exhibition. Ask for prices.

LILY OF THE VALLEY

We can supply this in any quantity at all times as we keep it in cold storage.

NEW ROSES.

We have strong, healthy stock of the newest and choicest Forcing Roses. We can please the most critical. See page 17.

SPECIAL GRADE WHITE ROMANS.

We have for several years purchased a grade of Romans which we call 12 to 15 ctm. and up. This contains all the crop above 12 ctm., no large bulbs being taken out. While we charge a small additional price for this size, forcing results show that this grade is worth practically \$3.00 per 1000 advance over regular 12 to 15 ctm. size.

NAMED DUTCH HYACINTHS.

SINGLE DUTCH HYACINTH—FIRST SIZE NAMED.

STRICTLY SELECTED FIRST SIZE.

It is well known that there are two grades of so called First Size Hyacinths shipped from Holland. We buy the best only and charge a reasonable price for them.

PRICE FOR OUR SELECTION, per 100, \$8.00.

We buy largely of the better varieties, and if selection is left to us we are in this way able to give splendid value.

NARCISSUS.

DOUBLE VARIETIES.

Alba Plena Odorato, The Double Poeticus. Flowers are large and very fragrant; they can be forced slowly but succeed better in the open ground. Per doz., 20c; per 100, \$1.00.

Incomparable (Butter and Eggs), light yellow and orange, forces well. Per doz., 25c; per 100, \$1.25.

Orange Phoenix (Eggs and Bacon), white and orange. Per doz., 35c; per 100, \$1.75.

Sulphur Phoenix, white and sulphur yellow, one of the best for cutting and unexcelled for funeral work. As this bulb generally throws 2 to 3 flowers, it is a profitable variety to grow notwithstanding the high price. Per doz., 60c; per 100, \$3.50.

DOUBLE VON SION, True Dutch.

We have a reputation of supplying the best "Yellow Daffodils" in America, having secured our supply for years in one locality where it is known that these bulbs can be grown to better advantage than in any other part. We contract yearly for the stock of one large grower and in this way secure the pick of the crop, supplying bulbs that will be equal to, or better, than those delivered by any other dealers. Our double nose bulbs are especially fine, and will throw from two to three first-class flowers, especially recommended for growing in pans.

WE OFFER 4 SIZES OF VON SIONS.

VON SION, Mother Bulbs. We only get a limited quantity of these; the bulbs are extra large in size and will throw from three to five flowers each. Per doz., 75c; per 100, \$4.50.

VON SION, XXX Mammoth Double Nosed Bulbs, largest and finest roots our growers can select for us; each bulb will bring two and more flowers. Per doz., 50c; per 100, \$3.00.

VON SION, Fancy Selected Bulbs. Per doz., 35c; per 100, \$1.75.

VON SION, First Sized Bulbs. Per doz., 25c; per 100, \$1.35.

WHAT OTHERS SAY ABOUT VAUGHAN'S BULBS

Our Easter Lilies are very grand, from eight to thirteen buds to a stem. I don't think they can be beaten by any amateur living. Thank you very much for your promptly sending such satisfactory bulbs.

W. C. BROWER,
Gardener to Adrian Aiker, Esq.,
Elkhorn, N. J.

Lookout Mountain, Tenn.—I thought you would be pleased to learn how the bulbs I got from you last fall have done. The Tulips are just beginning to bloom, and are certainly fine, but the Hyacinths beat anything of the kind I ever saw. The bed is the admiration and wonder of every one who sees it. The blooms are enormous in size and perfection. The only trouble is I did not get half enough bulbs.

NARCISSUS, PAPER WHITE GRANDIFLORA, PRECOCIOUS.

This is a special strain of Paper Whites selected by one of our best French growers. It is said to flower at least two to three weeks earlier than the regular variety and is, we believe, worthy of a trial by everyone. Select size bulbs, 13 ctm. and over. Per doz., 45c; per 100, \$2.50.

NARCISSUS PAPER WHITE

GRANDIFLORA.

In placing our contracts with French growers we are careful to secure the largest bulbs that are obtainable, and the grade of these which we offer under the name of "Star Brand" is the choicest stock to be had in France, and we are only able to obtain each year a limited number of them. Our experience has been that they are well worth the difference in price over the smaller grades. However, the quality which we offer under the heading "Fancy" is a selected grade from the general stock.

Paper White, Grandiflora, Vaughan's "Star Brand" (about 1,000 bulbs in case). Per doz., 50c; per 100, \$2.50.

Paper White, Grandiflora Fancy (about 1,250 bulbs in case). Per doz., 35c; per 100, \$2.00.

AZALEA INDICA.

All our imported *Azaleas, Palms, Bays, Box* and like stock will be selected by **our own plantsman** this season in Belgium, Holland, and in the valley growing (German) districts. In this way we hope to care for the interests of our customers better than ever.

Orders for these plants are specially packed in Belgium and inspected and watered in New York and Chicago. This extra care insures our customers receiving the plants in best possible condition.

The following varieties are what we consider the finest sorts for private conservatories. We can, however, import for our customers any special kinds they may wish:

Memoire de Louis Van Houtte, late brilliant crimson, very attractive.

Ed. Vervaene, similar to Vervaeneana.

Niobe, late, double white, free bloomer.

Schryveriana, fine for Easter, salmon and white.

Simon Mardner, rose double.

Emperor of Brazil, variegated rose and light rose.

Ernest Thiers, deep crimson, double. **Mme. Petrick**, pale pink.

Vervaeneana, very large, rose, striped white, double.

Bernard Andreas Alba, white, double, late.

Mme. Van der Cruyssen, rose, semi-double.

FREESIA. PURITY.

WHITE CALLA, Calla Aethiopica.

We take great pains every year in securing bulbs which are well ripened and cured, securing our stock from growers in California who thoroughly understand the raising, curing and shipping of these bulbs. We have arranged again this year for a large amount of bulbs, but would advise early ordering by our customers in order to be sure of their supply, especially of the larger sizes.

MINIATURE AZALEAS.

These are low-growing, shrubby Azaleas, which are rapidly coming into favor, easily forced, are splendid for use in making up in decorated baskets, two varieties usually being placed in one basket, ribbon, Porto Rican Matting, etc., being freely used.

Hexe.—Brilliant crimson color, of free blooming habit, a robust grower.

Chas. Encke.—Similar in character to above, but of a handsome pink shade.

Marie Louise.—Beautiful, pure white and an easy forcer.

VAUGHAN'S STAR-SHAPED WHITE.—A pure white variety, with narrow petals and star-shaped flowers borne on long stems. A decided improvement over the ordinary Freesia, and well worthy of a trial. Per 100, \$1.75.

PURITY.—A magnificent, snowy, glistening white, of very large size and great length and strength of stem. A dozen sprays make as fine a showing as a dozen white carnations, and can be used wherever carnations are used for decorative purposes. A single truss bears from eight to eleven buds, of which six are frequently open at one time. Per 100, \$3.50.

LILIUM LONGIFLORUM, Japan Grown

Our Japan growers are instructed to avoid early digging and give us only ripened bulbs, such as should, with reasonable care, give good results when forced under glass. While we cannot make any guarantee as to the result of forcing Lily Bulbs, our Japan growers understand this stock as well as any exporters from that country.

GIGANTEUM, Dark Stem

This variety has proven for the past three seasons to be the best of all-round Lily of the Japanese sorts for Easter forcing. A strong, robust grower, it seems to resist the Lily disease, growers seldom losing over 10 per cent. The large, long trumpet flowers are equally good for pot plant or for cut; has been successfully forced for earliest Easter, and if grown properly we see no reason why it cannot be forced for early Easter of 1910.

MULTIFLORUM TYPE.

While this variety has not given perfect satisfaction the past two seasons, through mixture of type and disease, many florists prefer it for Easter forcing. We believe the decreased demand will allow our growers to be more careful in roguing their fields, and bulbs delivered this fall will be truer to type than those delivered in previous years.

LILIUM FORMOSUM.

This variety comes from islands of the Japanese coast, and has been tested by a number of growers the past season, with varied results. It makes a strong, rapid growth, and plants are more uneven in size than usual in Japan stock. This, however, we do not consider a drawback, as nearly every grower has a demand for pot plants as well as cut lilies.

So far, it has proven to be practically free from disease. Our bulbs are secured from first hands and are the best we know of.

L. LONGIFLORUM GIGANTEUM.

LILIUM HARRISII, Indispensable for Early Forcing.

While we do not claim that our "Harrisii" are absolutely free from disease, or that every bulb will produce a perfect plant, we do claim that our growers' efforts, in the way of spraying and roguing, are producing results, our stock being now freer from disease than ever before, and of genuine "Harrisii" type. In fact, the best general crop grown on the Island of Bermuda.

We will supervise the packing and shipping of the crop through our own representative, thus insuring careful grading, and preventing mixture of Longiflorum and other objectionable types.

IMPORTANT! Possible Change in Duty.

At the present writing there is every possibility of a change in United States Customs Laws with regard to bulbs, one of the bills at present before Congress providing for a specific rate of duty in place of the ad valorem rate which has been applied heretofore. If this bill becomes a law during the present session of Congress it will affect prices contained in this catalogue.

Our prices are, therefore, made **subject to such change** and orders already booked will be billed on the basis of the new rate of duty, which we trust will in most cases be a reduction; if any increase, customers will be advised.

If above is not satisfactory please advise us.

LILY OF THE VALLEY.

We will have our own man inspect growing fields of Valley, also grading and packing, and can promise our customers pips of the best quality which the season affords, carefully grown, as well as ripened and of full size. Such as with proper handling ought to give most satisfactory results.

VAUGHAN'S LONDON MARKET BRAND.

We introduced this select forcing pip to our Florist customers some years ago and it has given excellent satisfaction. The pips are large and plump with long fibrous roots. There is but one "London Market" quality and we control the selected pips of the entire crop, which is limited. Per 100, \$2.00; per 1000, \$17.50.

PREMIUM BRAND.

This is a high grade pip for late forcing and should not be compared with regular Hamburg stock offered at much lower prices. Per 100, \$1.75; per 1000, \$15.00.

INTERNATIONAL BRAND.

This is a good every day forcing Valley Pip, Hamburg grown, first prize. Per 100, \$1.50; per 1000, \$12.00.

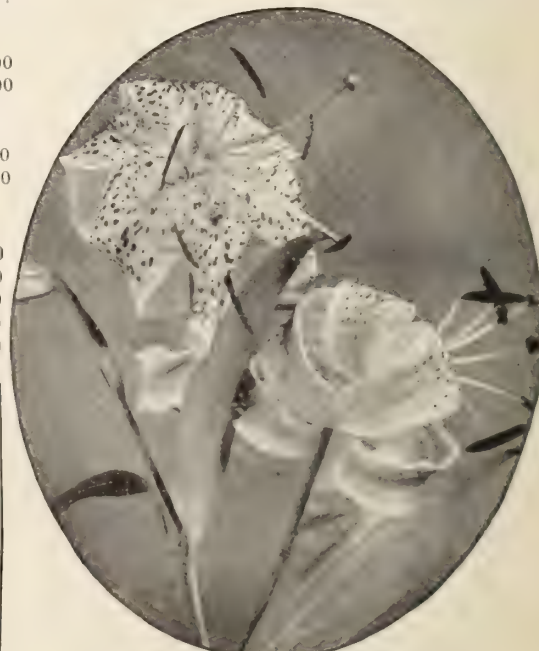

COLD STORAGE VALLEY PIPS.

London Market Brand. All shipments go by express.

Our Cold Storage Valley gives excellent satisfaction, giving strong spikes of bloom with from 12 to 14 bells and plenty of foliage. For the past two seasons our supply has not been equal to the demand and we have had to disappoint some of our customers. We therefore urge that early orders be placed for total quantity that may be wanted during the season. Stock will then be reserved and shipments made as desired.

When orders are placed with us for cold storage stock, we set same aside, but cannot be responsible for not being able to produce the pips if same have been destroyed by fire, or any other cause beyond our control. We accept no responsibility whatsoever for results in forcing.

Price per 100, \$2.50; in lots of 200 or more at a time, \$2.00.

GLADIOLUS, BLUSHING BRIDE.

GLADIOLUS, FOR WINTER FORCING.

The varieties mentioned below are invaluable for forcing. They are of a dwarf habit and can be cultivated the same as Hyacinths.

Colvilli Alba, (The Bride.) Bright, graceful variety having pure white flowers which are freely borne on long stems. Per doz. 30c; per 100, \$1.25; per 1000, \$8.00.

Colvilli Rubra, red. Same as above except in color. Per doz., 30c; per 100, \$1.25; per 1000, \$8.00.

Blushing Bride, (or Delicatissima.) New variety of decided merit; splendid forcer, coming into bloom six weeks before Colvilli Alba. Flowers are large, pure white with pink spots, open at the same time, thus making a better cut-flower than any other Gladiolus. Can be had in bloom for Easter. Per doz., 35c; per 100, \$1.50; per 1000, \$10.00.

Peach Blossom, same class as blushing bride but of a beautiful shade of pink, excellent cut-flower. Per doz., 40c; per 100, \$2.00; per 1000, \$15.00.

SPANISH IRIS.

(*Iris Hispanica*.)

Excellent for forcing or growing in pots, if planted in cold frames and brought into greenhouse when in bud they can be had in flower early in April.

NEW PINK SPIRAEA—QUEEN ALEXANDRA.

SPIRAEA.

We are very careful to import Spiraea clumps which have large, plump eyes, as these are the only kind that will give satisfaction when forced.

NEW PINK SPIRAEA, QUEEN ALEXANDRA.

Entirely new departure in Spiraeas introduced last year for the first time. Of a clear pink color with dense compact spikes, the plants are most attractive and equally as strong and vigorous as the white varieties. One of the most interesting novelties of recent years. Per doz., \$5.00; per 100, \$35.00.

ASTILBOIDES FLORIBUNDA.—New, strong and more developed than the common Astilboides, from which it is a sport, produces large, pure white plumes and is unquestionably one of the best Spiraeas. Per doz., \$1.75; 100, \$10.00.

ASTILBOIDES SUPERBE. A splendid new variety which makes a beautiful shaped plant with abundant flowers (20 to 30 on a good plant) on strong stalks. Per doz., \$1.75; 100, \$8.00.

BLONDIN.—One of the best varieties for Easter. Per doz., \$1.25; 100, \$8.00.

COMPACTA MULTIFLORA.—This new variety which has foliage of rich green color grows from 8 to 10 inches in height, and produces larger and finer blossoms than Japonica. It is about two weeks earlier. Per doz., \$1.25; 100, \$8.00.

GLADSTONE.—Without question one of the choicest Spiraeas in the market and "up to date" Florists cannot afford to be without it. Per doz., \$2.50; 100, \$15.00.

JAPONICA.—Extra strong clumps. Per doz., \$1.00; 100, \$6.00.

The Rose Mme. Jules Grolez that we purchased of you last season is without a doubt, the finest that we have ever known. It stands our climate well and blooms fine during our long, hot summer.—C. RAVIER & SONS, Mobile, Ala.

VAUGHAN'S ^{UP-TO-DATE} INTERNATIONAL PANSIES

Vaughan's International is, we firmly believe, the best Pansy mixture in existence, because it is composed of the cream of 10 Pansy Specialists' collections. It contains besides the fancy selection of these growers all the separate colors and strains in cultivation, carefully prepared by ourselves, so we know just what it should produce.

This is one of the specialties that has established the reputation of Vaughan's Seeds, and our customers can readily see why it is our most earnest endeavor to make Vaughan's International Pansy Mixture better than ever. Price, pkt. (250 seeds), 25c.; 3 pkts. (750 seeds), 65c.; 5 pkt. (1,250 seeds), \$1.00.

Vaughan's "Giant Pansy Mixture" Embraces, besides all the regular shades and colors, five special strains which can only be had in this and our International Pansies. This mixture includes the richest red, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau, and splendid Cassier strains with its delightful veinings. We have spared no expense to secure the newest, richest and finer sorts. Price, ¼ oz., \$1.00; pkt. (250 seeds), 20c.; 3 pkts., 50c. The same, pkt., of 100 seeds, 10c.

Blota Aurea Nana. Bushy evergreen trees, pot grown, 18-24 inches high. Each, \$1.50; per doz., \$15.00.

CLIMBING ROSE, "TAUSENDSCHON."

Raised by several crossings between the well-known Crimson Rambler, Tea and Polyantha Roses. This beautiful novelty surpasses all other climbing roses of this section, both in growth, foliage and beauty of blooms. The flowers appear in large clusters from the beginning of June till end of July. Each individual flower measures about 2 inches across, and is of a beautiful soft pink, same color as *Clothilde Soupert*; later on changing into rosy carmine. The plant is of strong, vigorous growth, absolutely hardy and a most excellent variety to plant wherever a strong climber is desired. Very agreeable, as it is nearly thornless. Florists will do well to force this grand rose in for Easter.

1-year dormant plants. Per doz., \$2.50; per 100, \$20.00.

2-year dormant budded plants. Per doz., \$5.00; per 100, \$40.00.

HARDY CLIMBING AND RAMBLING ROSES.

LADY GAY. New Pink Rambler. The flowers are of a delicate cherry pink color which fades to a soft pink. The plant is a vigorous grower and perfectly hardy. The flowers are in clusters similar to the Crimson Rambler. It forces well and is in great demand at Easter. Strong 2-year-old. Each, 50c; per doz., \$5.00; per 100, \$35.00.

MAGNOFRANO. (Hybrid Tea.)

A constant and profuse bloomer, with extra flowers, full, deep and double. The color is bright, deep, rich shining rose. 4-inch, each, 40c; doz., \$4.00.

VAUGHAN'S "WHITE BABY RAMBLER ROSE."

A true white Baby Rambler. Imported from Germany. Plants never out of bloom. The flowers are borne in clusters of 50 to 75 individual flowers, 1 inch in diameter and pure snow white. The foliage is dark and glossy and finely cut. Does not grow over 12 inches in height, forming very bushy plants. For cemetery use of great value, being perfectly hardy.

2½-inch pots, each, 15c; per doz., \$1.50; per 100, \$10.00.

3-inch pots, each, 25c; per doz., \$2.50; per 100, \$20.00.

BABY DOROTHY. The New Pink Baby Rambler.
(Maman Levavasseur.)

Just as vigorous and free blooming as Crimson Baby Rambler, with the difference that the flowers are a very bright and pleasing rose-pink. 4-inch pots, each, 50c; doz., \$5.00.

"RED KAISERIN." (Mm. Jules Grolez.)

Kaiserin Augusta Victoria is well known and admittedly the best white summer blooming rose. In this new rose we offer a red Kaiserin Augusta Victoria. We have tested this rose the past season and find it similar to the white in foliage, shape and size of bloom, but the color of the flowers is a beautiful cherry red. Stock limited. Strong dormant 2-year-old stock. Per doz., \$3.50; 100, \$25.00.

"RHEA REID."

A grand new red forcing rose, as large as American Beauty. Ready March 1st. Color, rich bright cerise in summer and dark red in winter. Very free blooming. 4 inch, each, 35c; doz., \$4.00; per 100, \$30.00.

CARDINAL.—Hardy Everblooming Rose.

A most valuable rose for the garden. The plant is of very vigorous growth, producing its large handsome flowers throughout the entire summer. The color is a rich cardinal-red, which holds good in the hottest weather. Very fragrant. 3-inch plants, doz., \$2.00; 4-inch, doz., \$4.00.

WHITE KILLARNEY.

Identical with the ever-popular and well-known pink Killarney. It is perfectly hardy with light protection. A strong robust grower, flowering very freely throughout the season. The flowers are very large, buds long and pointed. Each, 50c; \$5.00 per dozen.

Pink Killarney. 2-year-old, budded. Per doz., \$5.00; per 100, \$40.00.

MY MARYLAND.

Best pink rose to date. Will be planted largely by all growers this season. Strong, healthy and vigorous grower, producing large stems and long pointed buds. Exquisitely fragrant. Color a soft salmon pink. We can recommend this rose in the highest terms. Not only a fine mid-winter rose, but is also usually good during the Summer months. Strong plants, own roots. Each, 25c; per doz., \$2.50.

A SELECT LIST OF PEONIES.

The following varieties are of our own propagation. The plants are at least one year from division unless otherwise noted. The varieties were tried up by us and every one is a gem:

Alexander Dumas. Brilliant pink interspersed with white and salmon. Very early and free. One of the best for cut flowers, being an excellent keeper and shipper. Each, 40c; doz., \$4.50.

Berlioz. Brilliant dark red tinted rose. Flowers of very large size, imbricated. A fine keeper. Dwarf compact grower. Fine lawn sort. Very late. Each, 40c; doz., \$4.50.

Modeste Guerin. Very bright lively carmine. Flowers very large and Anemone ball-shaped of perfect build; a most desirable variety. Each, 75c; doz., \$8.50.

Mons Jules Elie. Glossy flesh pink shaded to deeper rose at the base. Flowers of immense size, globular, very full and double. Stems strong and large. This is probably the finest of all pink Peonies. Mid-season. 5-year-old clumps, each, \$1.50.

Officialis Rosea Superba Plena. Like the old-fashioned red in earliness, but a very delightful pink. Early. Each, 30c; doz., \$3.75.

Officialis Rubra Plena. This is the old-fashioned red, the most brilliant of all red Peonies. Early and splendid cut flower. 3-year-old clumps, each, 30c; doz., \$3.25.

Pulehrrima. Outside petals flesh, center pink. A very desirable cut flower variety. Very large and borne on long strong stems. Each, 35c; doz., \$3.75. 5-year-old clumps, each, \$1.00.

Queen Victoria. White center petals tipped with red blotches. Flower large and very double. Excellent cut flower variety and good shipper and keeper. Early. 5-year-old clumps, each, \$1.00.

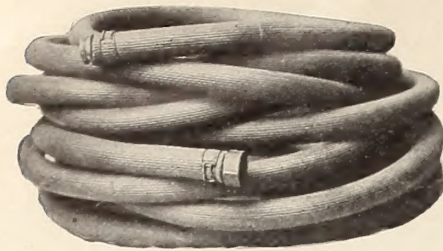

Richardson's Rubra Superba. Rich deep crimson, latest of all. Very sweet. Best keeper of all. 5-year-old clumps, each, \$1.25.

Rubra Triumphans. Brilliant crimson showing brilliant yellow stamens. Very large. Early. Each, 35c; doz., \$3.75. 5-year-old clumps, each, \$1.00.

Triomphe de l'Exposition de Lille. Soft flesh pink with white reflex. Flower of medium size, but very double. A good grower. Late. Each, 60c; doz., \$6.50.

"TRUED-UP" PEONIES.

This means a great more than most gardeners have any idea of. For instance, we planted 10,000 Peonies in the fall of 1905; in 1906 very few bloomed, in 1907 a few more, and only in 1908 did we get a chance to true up the stock we planted in 1905. We had procured our stock from reliable European growers only, and, while we expected to find some rogues, we were not prepared to see about 15 per cent that did not come true. All these rogues were discarded and only plants that were true were propagated (divided) last fall, and this is the stock we offer above. There are cheaper Peonies in the market we know, but, do you want to wait three years to find out that what you bought for a Festiva Maxima, for instance, is a cheap, nondescript white or some other kind or color? Time is money, and that is brought to us in the most forcible manner when it comes to Peonies that have not been "trued-up" like our stock.

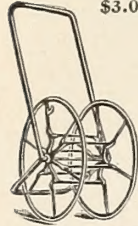

RUBBER HOSE.

Electric Non-Kinkable.

The "Electric" is the best hose on the market. Made of pure rubber by a special process, does not crack or scale, and will not kink. We can supply in any length and will fit with Snap Hose Couplers, if advised at time of ordering. Price, $\frac{3}{4}$ inch, per 25 feet, \$5.50; 50 feet, \$10.00; 100 feet, \$20.00.

"Excelsior Brand." Extra heavy. We keep it in lengths of 25 and 50 feet, and these we do not cut. Price, $\frac{3}{4}$ -inch (including plain couplings), per 25 feet, \$4.00; 50 feet, \$7.75; 100 feet, \$15.00.

"Standard Brand." $\frac{3}{4}$ -inch; will give good service. Price (including couplings), 25 feet, \$3.00; 50 feet, \$5.50; 100 feet, \$10.00.

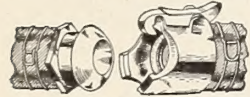

ALL IRON HOSE REEL.

Very light weight, frictionless, and the wheels being so high they are very easily worked; never break or wear out.

No. 10, for 100 ft. $\frac{3}{4}$ -in. hose, \$2.75
No. 20, for 150 ft. $\frac{3}{4}$ -in. hose, 3.00
No. 30, for 500 ft. $\frac{3}{4}$ -in. hose, 5.00

VERMOREL. For $\frac{1}{2}$ -inch hose; used for spraying insecticides. Each, 75c.

TWIN COMET LAWN SPRINKLER.

With a good pressure of water it will thoroughly sprinkle an area 80 feet in diameter. The nozzle and the tips on ends of arms are adjustable, and can be set so as to sprinkle any desired space, or the nozzle can be set perpendicular, to send the water upwards in a straight stream, like a fountain. Will sprinkle four times greater area than any other sprinkler made.

Price..... \$5.00

THE EVANSTON SPRINKLER.

Has no revolving parts to wear out and will not clog with sand or dirt. Its location may be changed while under full working head, with perfect ease, by the aid of a wire or cord. Each, 35c.

LAWN AND GARDEN SUPPLIES.

WE KEEP ALL KINDS.

EUREKA WEED KILLER.

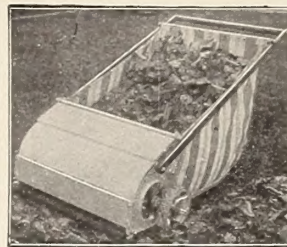

A special preparation which dissolves in water. Will destroy all weeds, moss, etc., on gravel walks, carriage drives, etc., and keeps them under for the whole season.

We have sold large quantities of this preparation, and all who have used it declare it to be the best for the purpose of anything they have tried.

Large size tin, enough for 100 square yards of path, \$1.00; 12-lb. tin, \$3.00.

GEM LAWN SWEEPER.

Lighter and less noisy than all metal. The rakes are flexible; this does not mean that the teeth will bend (and stay bent) if an obstruction is met; but the rake heads are divided in the middle, and each part is hung on easy-swinging hinges and are kept in position by retaining springs. Price, 24-inch wide, each, \$16.00.

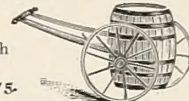

This machine will clean the lawn more thoroughly and quicker than three or four men can do it with hand rakes, and greatly benefit the turf. Made of metal, wood and canvas, and put together in the most durable and thorough manner. This combination makes it

PHILADELPHIA HORSE LAWN SWEEPER.

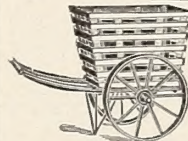

A revolving brush in front sweeps the sod clean and throws the sweepings backward into a large box in the rear. This box can be dumped without stopping. Sweeps 40 inches wide. Price, \$72.50.

CAPITAL LAWN TRIMMER AND EDGER

Does what Lawn Mowers leave undone. Having one side without wheel, it can be run close to walls and trees, cutting grass clean and quick. Can also be used for trimming edges of walks, etc.; four steel blades six inches wide.

Price, each, \$6.00, complete.

THE "LINKS LAWN" BOGT.

For use on Golf Links, Tennis Courts and Fine Lawns.

Aside from its lasting qualities it is the only humane boot on the market, for the reason that it is firmly fastened to the hoof instead of around the ankle, thus giving free action to the horse's feet and obviating all possibility of chafing.

The cut shows the rolling toe, which prevents the cutting of the turf and also indicates how simple and positive the fastening is. Made in three sizes.

Price:—Per Cwt., \$7.00; 56 lb. Bag, \$4.00; 28 lb. Bag, \$2.50.

"VALSOL"

This is a Highly Concentrated Plant Invigorator, and should be used as a liquid to supplement the use of "VALSANG." Will develop size and color in Flowers, Fruit and Vegetables. 1 pound will make 80 gallons of Liquid Manure, a teaspoonful will make 2 gallons. Clean and handy, may be used by a lady.

Sold in Large Tins at \$1.50.

VALSANG and VALSOL are now used by the principal Chrysanthemum Specialists and Exhibitors of Great Britain, and are the only artificial manures ever used by Mr. F. S. Vallis in the growth of his noted Prize Chrysanthemums.

CLAY'S FERTILIZER.

Imported in Original Bags of 112 Pounds Each.

This valuable imported Manure is especially recommended to all who grow either Fruit, Flowers or Vegetables, and wish to bring them to the highest perfection. It should also be used in potting soil and as a top-dressing.

Price:—28 lbs., \$2.00; 56 lbs., \$3.75; 112 lbs., \$7.00.

PURE ICHTHEMIC GUANO.

150 HIGHEST AWARDS IN ENGLAND AND FRANCE.

An Ideal Plant Food, that exactly fulfills all the requirements of plants and Flowers, Fruit and Vegetables in a well balanced form, so as not to stimulate one feature of the growth at the expense of another. It is clean in use, absolutely reliable, and may be safely applied in the prescribed quantities.

DIRECTIONS FOR USE:—(1) In the dry state, 1 to 2 ounces to the square yard of ground. (2) In a liquid state, a tablespoonful to a gallon of water in the case of pots plants, about three times a week. (3) In a dry state mix with soil, when potting, 1 part to 100 parts of soil. Vines take a larger quantity, being applied in the early stages at the rate of ½ lb. to the square yard whilst growing, and at the time of stoning, use a solution of four tablespoonfuls to the gallon of water. Imported in original bags of 112 lbs. each.

Price:—28 lbs., \$2.50; 56 lbs., \$4.00; 112 lbs., \$7.00.

NITRATE OF SODA, OR CHILI SALTPETER

Nitrate of soda is not a substitute for other manures, but we recommend it as the cheapest and best form in which to apply Nitrogen to plants. Gardeners who are using farm manure should continue to use it, but use Nitrate of Soda in addition to other fertilizers. If your object is to grow maximum crops, you must in some way furnish the Plants with Nitrate. No matter what manure or fertilizer is used the Nitrogen must be converted into Nitrate before the plants can use it.

Price:—100 lbs., \$3.75; 500 lbs., \$17.50.

VAUGHAN'S

"Rose Grower" Bone Meal.

This is a special brand we have put up for our trade. It is ground fine, hence acts quickly. It is made from bone accumulated in large slaughter houses, and should not be compared with Bone Meal made from cattle heads and feet gathered on the Western Prairies. Our "Rose Grower" bone has been slightly steamed to soften it so it can be ground fine, and is thus quicker in its action. A finely ground bone can be more evenly distributed through the soil.

ANALYSIS:—Ammonia 4½ to 5½ per cent. Total phosphoric acid, 22 to 25 per cent. Total bone phosphate, 48 to 54 per cent.

QUANTITY REQUIRED:—For permanent pasture and mowing lands, ½ to 1 ton per acre; for trees and vines, 2 to 4 quarts each; for top-dressing, 1,000 to 1,500 lbs. per acre; rose beds and plants, 1 part to about 50 of soil; for starting a new lawn, as a base, 3 to 5 lbs. per 100 square feet.

Price (f. o. b. Chicago)—100 lbs., \$2.25; 500 lbs., \$9.00.

Price (f. o. b. New York)—100 lbs., \$2.75; 500 lbs., \$11.50.

THOMPSON'S VINE, PLANT AND VEGETABLE MANURE. Imported in Original Bags of 112 lbs. Each.

The result of many years practical experience. In greater demand every year. So compounded as to combine stimulating with lasting effects. A safe and reliable Food and Stimulant for every Fruit-bearing Plant, for Foliage and Flowering Plants, for Vegetables and out-door Plants of every description. Purposely designed not to be all immediately soluble and is admirably adapted for mixing with the soil when potting in the proportion of 4 lbs. to each wheelbarrow load of soil.

Price:—28 lbs., \$2.00; 56 lbs., \$3.50; 112 lbs., \$6.00.

THOMPSON'S "SPECIAL" CHRYSANTHEMUM MANURE.

Imported in original bags of 56 lbs. each. An excellent stimulating Manure for top-dressing for Chrysanthemums and similar Plants. It is entirely soluble and very powerful; especially suitable for top-dressing plants in pots during the growing season. A heaped dessertspoonful will be sufficient for a ten inch pot, sprinkled over the surface of the soil and watered in with tepid water. This may be given three times during the growing season. The very best results will follow.

Price:—14 lbs., \$2.00; 28 lbs., \$3.50; 56 lbs., \$6.00.

SCOTCH SOOT. (GENUINE IMPORTED.) FROM SOFT COAL.

Gardeners know the value of the genuine article for stimulating a healthy growth of dark green foliage, and its beneficial effect in freeing the soil from slugs, grubs, and cut worms.

Price:—28 lbs., \$1.50; 56 lbs., \$2.50; 112 lbs., \$4.00.

DRIED BLOOD.

For top dressing, for mixing with the soil and for applying in liquid form. It is one of the best and safest nitrogenous fertilizers. It is splendid for Roses, Carnations, Mums, all kinds of pot plants, etc.

Price:—25 lbs., \$1.50; 100 lbs., \$5.00.

BONE, BLOOD AND POTASH.

This is our best brand of concentrated manure; excellent for mixing into potting soil or as a top dressing. It is a money maker. For potting soil use about 20 pounds to a cubic yard of soil, and for the dressing scatter it about as thick as lawn grass is sown, after loosening the surface of the soil. It is excellent for Carnations if applied by the end of October or in November. It can also be applied as a liquid manure by using an 8-inch potful to a barrel of water.

Price:—100 lbs., \$3.00; 200 lbs., \$5.50.

SULPHATE OF AMMONIA.

Used for its nitrogen. A very desirable fertilizer for all plants in which a large leaf development or rapid growth is desired. Use 1 pound to 50 square feet of ground or bench, or a tablespoonful to a bushel of soil, or 3 gallons of water.

Price:—1 lb., 25c; 5 lbs., 60c; 10 lbs., \$1.10; 25 lbs., \$1.75; 100 lbs., \$6.50.

VAUGHAN'S SHEEP MANURE.

This is a pure natural Manure, and its effect is immediate; it is excellent for mixing with the soil for greenhouse plants—one part manure and six parts soil. Strewn over and dug into the vegetable garden or placed directly in drills or hills, it promotes a rapid, steady growth until maturity. It makes the richest, safest and quickest Liquid Manure. For use in liquid form, one pound to five gallons of water will make a liquid which can be used with safety daily if necessary.

Price (f. o. b. Chicago)—Per 100 lbs., \$1.50; 500 lbs., \$6.00; 2,000 lbs., \$20.00.

Price (f. o. b. New York)—Per 100 lbs., \$2.00; 500 lbs., \$7.50; 2,000 lbs., \$28.00.

POT GROWN STRAWBERRY PLANT.

NEW VARIETIES.

"Waldorf." A cross between Wm. Belt and President. Early, vigorous foliage, strong grower and very prolific. Exceeding in productiveness any variety in cultivation. The fruit is smooth, medium to large, color a bright scarlet, keeping qualities excellent and a splendid shipper. An ideal Strawberry either for home use or for the market gardener.

Our plants are specially grown for us by the originator. **Price, per doz., \$1.00; per 100, \$6.00**

Heritage. As late as Gandy and twice as productive, with large red berries, that stand up well under long distance shipping. Dark, glossy, shining crimson, exceedingly rich in flavor, and it is sure to be a leading late market variety. The fruit stems are the strongest ever seen, the fruit being held erect and entirely free from the ground. The stock we offer can be depended upon as pure and free from disease and insects.

EARLY STANDARD VARIETIES.

Success. Early. A grand, extra large, early berry. Globular, slightly conical, bright scarlet, flavor always fine, mild, rich and sweet.

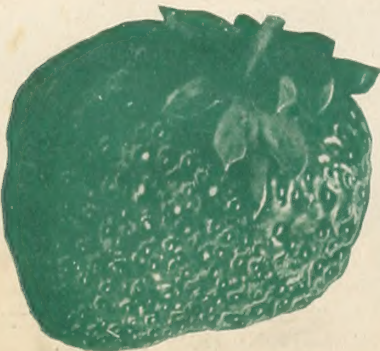

Glen Mary. Early. Large size. A berry that does well in all sections, succeeding under widely different conditions of soil and climate; a healthy, strong grower, bearing extra large heart-shaped fruits in great abundance, glossy dark red, very fine quality. Twelve specimens fill a quart.

Senator Dunlap. Early, vigorous and productive. Large, regular and attractive in form, rich deep red in color without and within, firm in substance and excellent in quality peculiar to itself. The season is among the earliest and it continues to bear for nearly a month. Extremely popular in the West.

MID-SEASON.**BETTER BELT. "Our Specialty."**

This is the phenomenally large-berried sport of William Belt. Excels most all varieties in size and yield. Color deep glossy red, with crimson flesh right to the center. Luxuriant grower and remarkably productive. Quality superb. Our plants are grown by the originator.

President. (P.) Strictly fancy; an ideal fruit for the private garden. The trade papers and experiment stations say it is unequalled, size, flavor and appearance all considered. It gives larger berries than Marshall and greatly out-yields that variety; color a shade lighter, bright and clear, flesh firm, seeds few and widely separated.

New Strawberry "Waldorf."

VAUGHAN'S

POT-GROWN

STRAWBERRY

PLANTS

These pot-grown plants will produce fruit the first season if ordered at once and planted before September 30. Varieties marked (P) have imperfect flowers; they will not produce well unless every third or fourth row or plant is a perfect-flowering variety, as are all that are not marked.

MID-SEASON (Continued)

Brandywine. Mid-season to late. Very large, dark scarlet, solid, of good shape, very productive, and continues bearing for a long time.

New York. Mid-season. This giant of the strawberry family is a cross between Bubach and Jessie. Very productive. Berries bright red, firm and smooth. The quality is superb. A great home berry.

McKinley. The richest and most luscious in quality of any variety in cultivation. Berries very large, handsome and freely produced on strong healthy plants. It is too tender in texture to endure shipment, but is pre-eminently the home garden variety.

CARDINAL (P)

This new berry was color-plated in the Government Year Book of 1904 and which G. B. Brackett, Pomologist, Department of Agriculture, described as follows:

"General appearance very attractive, size medium to large, very desirable, form variable, roundish conical, color light crimson, market value very good, shipping quality good, keeping quality good, dessert value very good, texture firm, flavor rich, sprightly, slightly acid, quality very good. Special merit noticed, uniform size, color, texture, qualities; defects, notice none. Productiveness, apparently among the best."

You will make no mistake in Cardinal.
Nehring's Gem. (P.) The plant is a model of size, health and thrift, and is also a generous yielder of good sized berries, conical in shape and bright red in color. Sometimes the largest specimens are creased like Bubach. The flesh is red, and of average firmness and good quality. It is one of the best of keepers, either on the plants or in the baskets. Season medium. Better than Bubach.

Price, 75c per dozen; \$5.00 per 100.

FORCING SORTS OF EXCELLENT FLAVOR

Alfonso VIII. Berries medium to large in size. Clear scarlet in color. Quality better than any native sort; a fine garden variety, standing perfectly our Summer sun. The most promising European variety that has come to our knowledge.

Marshall. So far the leading exhibition berry. Ideal in size, form and color. Others may excel it for the market, but for the home table and the show Marshall has been and will be largely planted. The quality is fine. The favorite winter forcer.

Nick Ohmer. Mid-season. Very large, dark, glossy red, firm and perfect in shape. It is an enormous yielder and of excellent flavor. It forces well.

Sharpless. A variety of long-tested excellence. It remains a first favorite. It ripens in mid-season.

FINE FRENCH VARIETY.

Large fruited, excellent for winter forcing.
President de la Devan Saye. "New," early. A cross between the varieties Dr. Morere and British Queen—produces abundant early crop of large to very large dark red fruits of conical or rounded shape. Excellent quality and keeps well. A very fine strawberry for forcing. It was awarded a certificate of merit in France. Give this a trial.

Price, \$1.00 per doz.; \$6.00 per 100.

BEST ENGLISH VARIETY.

Royal Sovereign. Fruit abundant, large, oblong, scarlet red; flesh pink, juicy, acid; ripens very early. Much esteemed in England for garden culture as well as forcing. A favorite and prize-winning variety. **Price, 75c. per doz.; \$5.00 per 100.**

PLACE ORDERS NOW.**Pot Plants Ready in August. Plants for Forcing Ready in July.**

These are grown expressly for us by a specialist. Our plants therefore are superior to most and inferior to none. Careful attention is given to selection of the healthiest and best types, and every detail of propagation, potting, labeling, and shipment is properly executed.

It is best to order in even hundreds, for crates are made to suit.

PRICE, except where noted, \$3.50 per hundred.

If to go by mail add 10c per doz., 50c per 100; otherwise we ship by express at buyer's expense.

LATE VARIETIES.

Stevens' Late Champion. (P.) The plant is all right, strong, vigorous and productive. Very large, fine flavored, bright color, good shipper, heavy yielder, good fruit stem. It has been tested on all kinds of soil, and will grow successfully where any strawberry will grow. It will stand a drouth better than most. It has never shown any sign of rust. The cap, which is double, has always kept green until the last of the season. It ripens later than the Gandy. **Price, 75c. per doz.; \$5.00 per 100.**

Gandy. Late. A well-known favorite of fancy quality. Bright shining crimson berries, round and of very large size. A big yielder and continues to bear very late. Indispensable sort to lengthen out the season.

Chesapeake. The best late variety in cultivation, uniform, good size and attractive in appearance. This variety is as late as the Gandy, equal in size and more productive, for firmness; eating and shipping qualities far superior. A vigorous grower.

Aroma. A popular late variety, especially in the West and Middle West. It is a very firm, solid berry and an excellent shipper. As compared with the Gandy it has about the same season, and similar in size and productiveness; the quality being fine, the best of the lates.
